HYBRID EVENT

Following up in the success of 2017 conference, ALZI will be hosting our 2nd National level Conference this September 2022 which will run as a hybrid event with both in-person and virtual attendees. The conference will feature webinar sessions, a mix of live and recorded parallel sessions and offline workshops. We are also excited to share that we plan to hold the national conference every five years.

This global health problem demands a comprehensive & multidisciplinary approach, from preventive public health efforts to promote risk reduction and healthy lifestyle to incorporating person-centered care in the process of diagnosis, treatment, rehabilitation, caregiving both in facilities and at home. It is also of utmost importance to provide timely support from the time of diagnosis to prepare People with Dementia (PWD) and their caregivers so that they are able to plan for, respond to and manage the situation at home, or work with community partners for suitable care interventions.

Hence, the theme for this year's event is:
“Dementia, What's Next?”

We trust that this conference will provide participants with knowledge of and insights to high-quality dementia care which is applicable in our region.

Who will attend?

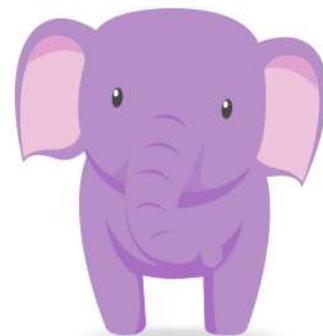

Approximately 500 participants will be attending the conference (online + offline)

Health Care Professionals (general practitioners, neurologists, psychiatrists, geriatricians, rehabilitation medicine specialists, sports medicine specialists, psychologists, nurses, physiotherapists, speech and occupational therapists, and other healthcare practitioners) and researchers

- Policy makers
- Caregivers and family of caregivers of People With Dementia(PWD)
- Staff & Volunteers of Alzheimer's Indonesia Chapters
- People from various backgrounds with an interest in dementia

Why attend?

- **Learn and share**
An engaging programme of online presentations and workshops (offline) will enable you to showcase your work and to learn about other's work in dementia care research and innovation in dementia care.
- **Meet like-minded people and industry peers**
Be part of the only national and most important conference on Alzheimer's disease in Indonesia. This national conference is a unique multi-disciplinary event which will unite people with an interest in dementia from around Indonesia as well as overseas.
- **Raise brand awareness on a national and international stage**
Through sponsorship your organization will have the unique opportunity to position its brand across the world of dementia.

HYBRID EVENT

ALZI Conference 2017

The pre-conference activities kick-started with workshops on Nursing Home care, Behavioral and Psychological Symptoms of Dementia (BPSD) and Neurorehabilitation in Dementia was held with a total of over 100 participants.

The following day, conference opening ceremony set in motion with a medley of traditional Indonesian dances followed by a key note by Prof. Dr. dr. Nila Moeloek Indonesia's then health Minister who emphasized the importance of a Life-Cycle Approach for Dementia.

The conference presented 33 international speakers from 12 countries, including Prof. Henry Brodaty from Australia, Ms Tarun Dua from World Health Organization and 49 national speakers who collectively covered a range of topics from prevention, diagnosis, and treatment of dementia, dementia care models, architectural design for dementia, awareness raising to policies on dementia. Over 700 delegates from all areas of the dementia field.

Aligned with the theme of a Life-Cycle Approach, there was a myriad of activities ranging from launching of Dementia comic book for toddlers, sessions on legal issues & rights for dementia, poco-poco training, occupational therapy, physiotherapy, story-telling & puppet therapy, music therapy, Meet-the-Experts sessions, to sharing session by Person with Dementia herself, Kate Swaffer. There is also an elderly care and activities center for caregivers who bring along their family members with Dementia.

The Finale on 5th November was even more of a triumphant moment as the People With Dementia was up on stage to cut the cake and celebrate what marks the 50th Golden Caregiver Meeting.
